Brief Auto-biography of the Faculty/Staff

I am an expert in Monitoring and Evaluation on Policy, Educational Management, Project Management, and Curriculum issues in Education. I have vast experience of teaching in high school and university level for several years now. I have been involved in various national projects like the just concluded nationwide evaluation of Universal Primary Education Coverage in Kenya among others.

Currently I'm a lecturer in the Department of Curriculum and Educational Management and also represent the School of Education in Laikipia University Senate.
